

I am a longtime resident of Tahoe City/Squaw Valley since 1959. I have watched the community grow over the years to what it is today and am excited to be part of a community revitalization solution that has been in the works for quite some time. I currently sit on the NLTRA Board of Directors and also served on its board in the early 2000's.

The reorganization of the NLTRA will include the oversight of the TBID and the active participation in the recommendations for the freed-up TOT funds for much needed projects, which includes housing, in the North Tahoe region.

I would be honored to continue to serve on the NLTRA Board of Directors.
