

I wish to reup for a full three-year term as the At-Large representative to the NLTRA Board of Directors. I have held this position for one year currently.

I have served on various boards in the past and currently represent the Main Street business associations on the Capitol Advisory Committee. I also chair the Concerts at Commons Beach Committee.

Although I own Tahoe Dave's Ski Shops, I wish the At-Large seat so I can represent the community with no affiliation to a business group.

Having lived and worked in and served the North Tahoe community for 45 years I feel qualified to represent local residents on this board. I'm a strong advocate for keeping our community and culture intact. I am a strong advocate for affordable local and workforce housing. I would appreciate your endorsement.
